Mini-Symposium in Mass Spectrometry and Infectious Diseases

Thursday December 1 2016, Dora Jacobson (D1513c)
BMC, Lund, Sweden

Organized by: Infectious Medicine Proteomics & Center of excellence in biological and medical mass spectrometry
Lund University

14.00 – 14.05: Welcome Address

14.05-14.40: Frank Schmidt, University Medicine Greifswald, Germany.
“Proteomics and Immunoproteomics – lessons learned from S. aureus host-pathogen interactions”

14.40-15.05: Martin Overgaard, Syddansk Universitet, Denmark.
“Towards integration of targeted proteomics in the clinical laboratory”

15.05-15.30: Peter Mellroth, Karolinska Institutet, Sweden.
“Regulation of the Major Pneumococcal Autolysin LytA”

15.30-15:35: Concluding remarks

15.35-16.00: Coffee and mingle
